Help make new investments in children a political priority instead of an afterthought

While we've made progress in raising the visibility of children's issues, there is a lot more work ahead of us and we need your help. Making a tax-deductible contribution to The Every Child Matters Education Fund allows us to:

- Inform citizens about what they can do to advocate for children and youth.
- Help register voters.
- Make appearances at campaign and community events where we are a vocal, visible presence.
- Run ads encouraging the public and the candidates to act on behalf of children.
- Send candidates up-to-date research on the needs of America's children, youth, and families.

To mail-in a check or money order, download this donor card and send to the address listed.

Putting Your Donations to Work

Here are some snapshots from the candidate forums, campaign stops, and community events that we hosted and attended throughout the 2008 presidential election.
